

# The descendants of William the Conqueror

<http://www.william1.co.uk/4.html>

Maintained by **Alan Freer**

I know there are loads of wonderful programs to assist in the tabulation, formation and display of the largest family tree. I have probably played with most of them. Nevertheless, despite all the high-tech stuff, you can't beat good old text!

I have therefore made yet another attempt to produce the Descendants of William the Conqueror in text form. I realise this is going to mean one hell of a lot of work for me but you are welcome to print off as much of it as you want!
